Mission: ICERT (Islander Campus Emergency Response Team) is a university taskforce directed by the University Police Department, tasked to assist in emergency and non-emergency situations throughout campus. Training in various emergency response skills allows ICERT team members and UPD to serve with excellence and integrity by being proactive and reactive to situations. The safety of our students, faculty and staff is our main priority.

ICERT supports the University Police Department by providing university resources and support to the emergency. ICERT does not make policy decisions for the University but gathers information and provides the information to UPD, which makes the long-range policy decisions for the university.

The ICERT Team is working on a University Fire Response Plan for each building. By the end of the Spring Semester we hope that all buildings have enough ICERT team members to help the building properly evacuate during a fire emergency. Each building will be assigned locations in where ICERT team members need to patrol and help control the crowds and keep them 100ft. away from the building. If you are interested in helping with your building please email Officer Miguel Ramirez at Miguel.ramirez@tamucc.edu.

Want to join ICERT?
If you are interested in becoming a member of the ICERT team and you are Staff or Faculty; join us at one of our upcoming meets. If you have any questions email Officer Ramirez at mi-
This would be a good place to insert a short paragraph about your organization. It might include the purpose of the organization, its mission, founding date, and a brief history. You could also include a brief list of the types of products, services, or programs your organization offers, the geographic area covered (for example, western U.S. or European markets), and a profile of the types of customers or members served.

It would also be useful to include a contact name for readers who want more information about the organization.

A listing of names and titles of managers in your organization is a good way to give your newsletter a personal touch. If your organization is small, you may want to list the names of all employees.

A question and answer session is a good way to quickly capture the attention of readers. You can either compile questions that you’ve received since the last edition or you can summarize some generic questions that are frequently asked about your organization.

If you have any prices of standard products or services, you can include a listing of those here. You may want to refer your readers to any other forms of communication that you’ve created for your organization.

You can also use this space to remind readers to mark their calendars for a regular event, such as a breakfast meeting for vendors every third Tuesday of the month, or a biannual charity auction.

If space is available, this is a good place to insert a clip art image or some other graphic.
